

Demo

- ✓ There will be two demos for this project.
- ✓ **First demo** will be conducted on **Friday April 14th** during the lab time.
- ✓ **Second demo** will be conducted on **Friday April 21st** during the lab time.
- ✓ Remember you can demo any time before these deadlines.
- ✓ Demos worths 50 points each.
- ✓ Below is the point distribution for each demo.

First Demo:

- 1.0 Show the results of Table A and B and compare their results.
- 2.0 Give the frame rate of Case A, and CPI and IC for Case B.
- 3.0 calculate the CPU execution time and give the answer.

Table A

Logical Elements	Registers	Total Pins	Memory Bits

Table B

Logical Elements	Registers	Total Pins	Memory Bits

Second Demo:

- 4.0 Show the results of Table C and compare its results with A.
- 5.0 Give the frame rate of Case C and compare it with Case A.

Table C

Logical elements	Registers	Total Pins	Memory Bits
